- b) To increase the student strength some vocational & Skill based courses need to be introduced
- c) With higher % of its students being girls, many of whom cannot travel to other locations for education, it is vital to construct a Girls Hotel in near future

The following steps can be considered:

- a) **Standardized Documentation:** Adopt NAAC's prescribed formats and templates for data collection and evaluation
- b) **Integrated Systems:** Develop or utilize a centralized database or software to handle all records, reducing manual work and redundancy.
- c) **Training:** Provide training to staff on NAAC's expectations and streamlined data management practices to enhance their efficiency and reduce stress.
