7-Day Workshop

on

'Decoding National Education Policy (NEP) 2020'

A Report

The idea of this 7-Day workshop on 'Decoding National Education Policy 2020' was floated by our worthy Principal Dr. Maneesha Kohli. This was the first such initiative in the 9 years history of this college. The Internal Quality Assurance Committee (IQAC) of the college was given the mandate to implement the idea. Initially it seemed unrealistic courtesy the lack of inadequate infrastructure and other facilities, but they accepted the challenge and the outcome is for everyone to see. The workshop was intended to identify and deliberate upon various issues and challenges with regards to NEP 2020 and finding practicable solutions to make the policy a functional document. It was organized to discuss on a few pertinent questions such as- Does the policy promise to provide equality of opportunity? What provisions of expenditure are made for the implementation? Does it vouch for innovative changes in the curriculum at different levels? Is there any need for structural changes in the existing regulatory bodies? How far will it plug privatization and commercialization of education? Does it address the question of employability of the literate? And is the government serious for its implementation or is it a merely political gimmick?

To discuss on these pressing issues the IQAC planned to incorporate all the perspectives to understand and make sense of the policy document- linguistic, economic, social, historical, political, administrative and other related ones. To this end it roped in all the faculty members including the Superintendent of the college who schooled the faculty on service rule literacy.

The workshop commenced on 16th December 2023 with the lighting of lamp and seeking blessings of Goddess Saraswati. Dr. Maneesha Kohli, principal of the college was the chief guest on the occasion. In her inaugural address the chief guest congratulated the IQAC for organizing the workshop and urged the students to utilize all the resources during the next seven days. In his keynote address on the first day of the workshop, the IQAC convener Dr. Ajay Kaith stated at the outset the broad framework of the policy in a simplified manner. After a brief historical background to the NEP 2020 he elaborated on the four stages of learning- Foundation stage of 3-8 years, Preparatory stage of 8-11 years, Middle stage of 11-14 years, and Secondary stage of 14-18 years. He highlighted the focus of the policy document on prioritizing mother tongue as the medium of instruction during the preparatory stage of learning as mother tongue is the first language that a child understands. Understanding newer concepts will be made much easier when the instructions are passed in the mother tongue. Talking about the provisions of NEP 2020 for the higher education, Dr. Kaith underlined some of the key features of NEP such as multiple entry and exit, semester based, certificate, diploma and degree certifications, abolition of M.Phil,

THE WORKSHOP

The National Education Policy 2020 which was approved by the union cabinet of India on July 29, 2020 outlines the vision of India's new education system. The policy encompasses a broad framework for all types of education viz. elementary, higher, vocational and teacher education etc. It also seeks to strengthen adult education and use of technology among others. The new education policy looks progressive and promising with a clear objective of restructuring Indian education system. However, in India, the challenge has always been the implementation part of the policies framed.

The global education development agenda reflected in the Goal 4 (SDG4) of the 2030 Agenda for Sustainable Development, adopted by India in 2015 - seeks to "ensure inclusive and equitable quality education and promote lifelong learning opportunities for all" by 2030. Such a lofty goal will require the entire education system to be reconfigured to support and foster learning, so that all of the critical targets and goals (SDGs) of the 2030 agenda for sustainable development can be achieved. The world is undergoing rapid changes in the knowledge landscape. In various dramatic scientific and technological advances, such as the rise of big data, machine learning, and artificial intelligence, many unskilled jobs worldwide may be taken over by machines, while the need for a skilled workforce, particularly involving mathematics, computer science, and data science, in conjunction with multidisciplinary abilities across the social sciences, and humanities, will be greater demand. With climate change, and depleting natural resources,

there will be a sizeable shift in how we meet the world's energy, water, food, and sanitation needs, again resulting in the need for new skilled labour, particularly in biology, chemistry, physics, agriculture, climate science, and social science. The gap between the current state of learning outcomes and what is required must be bridged through undertaking major reforms that bring the highest quality, equity, and integrity into the system, from early childhood care and education through higher education.

India's National Education Policy 2020 (NEP 2020) makes a paradigm shift in conceptualizing education as a means to equip students with skills suited for the 21st century and not just for making them employable. It calls for deep rethinking and redesigning of academic systems along with parallel changes in administrative and regulatory systems. When done with participation of all concerned – institutional leadership, faculty, administrators, and students – the policy has the potential to align the goals of quality with affordability; academic degrees with job readiness; and national ambitions with individual gains. However, if we decode the NEP 2020, there are various challenges yet to be resolved for implementation of such progressive changes in existing education system. This takes the whole policy into the palisade, where some pertinent questions propped up into the minds of people.

Important Questions on National Education Policy, 2020

- **How will NEP favour students' interests?**
- What should be the road map to realize the target of 6% GDP on education in coming years?
- What innovative changes are expected in curriculum at different levels in coming years?
- How the structural changes in Regulatory Bodies are going to impact the education system?
- Will internationalization of higher education

- help the students or it will pave the way for privatization of education and spoiling of public Universities?
- On which parameters the strength of 3000 has been decided for higher educational institutions?

Significance

The current workshop aims to train the faculty members and students in the new knowledge and skills which is required to move beyond the scope of traditional classroom and to implement novel approaches to teaching pedagogy. Thus, in order to discuss the various challenges and opportunities of National Education Policy 2020, Government Degree College Chail-Koti is organizing a Workshop on the topic **"Decoding National Education Policy, 2020"** on December 13-19, 2023.

CONTENTIONS OVER NEP 2020

Critics who are apprehensive about NEP 2020, put some serious questions such as it being premised on a biased and exclusionary approach. This exclusionary approach seeks to otherise and this otherisation culminates in bigotry. Few educationists allege that the Union government is trying to control campuses through concepts like the NEP because they want to capture the idea. Another allegation is about the Bhartiyaakaran of Education. 'Bharatiyakaran' is not about India, the Indian knowledge system, the attainments in the field of knowledge through Indian history, from the ancient past through the medieval period into the modern period, but focuses specifically on the ancient period. They say this needs to be called out as communalisation, rather than seeing it as idiosyncrasies. These allegations are to be taken into account and it is necessary to make education aligned to the 'Idea of India'.

We need to plan for excellence and advancement of society in all its domains, but only by balancing excellence with equity. If education is to be an institution to fulfil constitutional guarantees, we need to look at policy and practice from the lens of social justice. This then makes it imperative for all stakeholders and educationist to primarily ask; what are we investing into the system of education in terms of, our vision, resources and processes that will guarantee everyone alike an equal chance to be free from want, fear and ignorance.

NEP 2020 & NAAC

The National Education Policy 2020 (NEP 2020) claims to be reshaping India's higher education

Where the mind is without fear and the head is held high
Where knowledge is free
Where the world has not been broken up into fragments
By narrow domestic walls
Where words come out from the depth of truth
Where tireless striving stretches its arms towards perfection
Where the clear stream of reason has not lost its way
Into the dreary desert sand of dead habit
Where the mind is led forward by the
Into ever-widening thought and action
Into that heaven of freedom, my Father, let my country awake."

– Rabindranath Tagore,
Poem 35, Geetanjali, 1912

Education is a Janus-faced area of social action. On the one side, it does create the possibilities of change in social relationships; on the other side, it is a preservationist role that education performs. It permits society to reproduce itself. Now, which of these roles will come to the fore, or which of these roles will dominate in a certain period of history depends on historical circumstances and the extent to which a state is able to understand the agency of education and apply the agency for the goals which people agree on.

EDUCATION POLICY

In its simplest sense, policy refers to a broad statement that reflects future goals and aspirations, and provides guidelines for carrying out those goals. Our National Education Policy (NEP) is one such public policy based on the perceived educational needs that the country visualises to address through education. It has come up through a process of deliberation that marks a policy-making process.

The National Education Policy was established in the 2020. The policy is anticipated as one of the game-changer documents that has been with the objective of bringing

ROAD SAFETY CLUB

A REPORT OF ACTIVITIES UNDERTAKEN ON ROAD SAFETY, SESSION: 2023-24

The College has constituted a Road Safety Club so as to make students aware about the road safety issues at an early age. The aim of this club is to get the students aware about the use of road. Road safety is very important and must be known by all because the main reasons for death are becoming road accidents. Everyone should know about the traffic rules and security rules, so that they can adopt a protective behaviour in later life. Under this club, the college organise "Road Safety Week" every year under the observance of the programme. On the whole, the objective to organise the Road safety club is to create awareness among the students as well as the citizens of the area.

The Club organizes various activities including:

- Competitions of painting, slogan writing, declamation and Quiz etc. on road safety themes.
- Lectures delivered by Medical Officer and Convener.
- Training camps/programmes to promote road safety.
- Designing high quality road safety awareness wall calendars to be hanged in class rooms.
- Printing of attractive road safety materials including Pamphlets, Banners and Hoardings indicating traffic rules and signals.
- Distributing awareness material in the local market.
- Plying of Nukkar Natak in the market and different public places for awareness.

In compliance to the Orders of the Directorate of Higher Education, Government of Himachal Pradesh, a Road Safety Club was constituted in the Government College, Chail Koti on 18.12.2021. The main aim for the formation of the Club was to enhance the awareness about various issues of road safety among students so as to minimize accidents and loss of life on account of road accidents. Also, the students who learn about various aspects of road safety are expected to make others aware about the importance of road safety so that the message can be spread in all walks of life. In this way everybody will make road safety and its various rules a way of life.

Activities of the Club during 2023-24 Session

To make the Club vibrant and a source of information and knowledge for students, various aspects of road safety were deliberated at length among staff members and it was decided that various activities would be performed at the level of students so that they could learn about road safety through an interactive and participative process. As a first step, thirty students were selected as members of the Road Safety Club.

In line with the important task to sensitize the students on issues concerning road safety, the following activities were organized in the College on in 2023-24:

- Lecture by Medical Officer
- Quiz Competition on signs and symbols for Road Safety
- Poster making Competition on Road Safety
- Powerpoint Presentation / Lecture on Road Safety was delivered by Medical Officer and Convener of the Cell
- Road Safety Pledge was taken by the students

2024 को महाविद्यालय छावनी कोठी में कार्यकारी की निर्देशिका की अध्यात्म प्राचार्य डॉ दीपाश्रीका भारद्वाज ने की।
जिसका मुख्य एजेंडा निम्न लिखित रहा :

1. वर्ष 2023-24 में पीपीए फंड के तहत हुए खर्चों का ब्योरा।
2. नए महाविद्यालय भवन में स्थानांतरण प्रक्रिया पर चर्चा एवं उक्त प्रक्रिया पर होने वाले खर्चों का पीपीए निर्दिष्ट अनुमोदन।
3. महाविद्यालय भूमि के रख रखाव पर चर्चा।
4. अन्य, 15 सप्ताह कार्यकारी को पीपीए में रखना।

सर्वप्रथम डॉ देवेन्द्र शर्मा, सचिव पीपीए ने सली कार्यकारी के सदस्यों का स्वागत किया। उसके उपरान्त प्राचार्य महोदया की अनुमति से सदस्यों के समक्ष आय-व्यय का ब्योरा रखा गया, जिससे सत्र 2023-24 में आय ₹ 61180/-, व्यय ₹ 84700 था। उसके उपरान्त कार्यकारी ने उक्त होने वाले दिनों में पीपीए निर्दिष्ट होने वाले खर्चों का अनुमोदन लिया गया।

विस्तृत चर्चा में शेखर शर्मा जी ने सचिव द्वारा महाविद्यालय भवन में उदघाटन एवं छानो की कल सजावटी चिन्ता पर जवाब दिया गया कि आगामी 15-20 दिनों में भवन कोलेज उद्घाटन के मेल जाएगा। आसपास की पंचायतों से बस सुविधा न होना भी एक कारण है, जिस पर सली ने चिन्ता व्यक्त करते हुए प्रस्ताव को बढ़ावा भी दिलाया।

उसके उपरान्त सली कार्यकारी सदस्यों एवं आचार्य ने भवन का दौरा किया। अत्र में सली ने शेखर शर्मा जी के सुझाव, जिसमें उन्होंने आगले लगभग महाविद्यालय की तरफ से आसपास की पंचायतों के प्रतिनिधियों को आमंत्रित करने की बात भी, को सराहा। उन्होंने कहा कि यदि सली पंचायतों के प्रतिनिधि महाविद्यालय का दौरा करते हैं, तो एक विस्तृत रवानगी बनाई जा सकती है, जिससे विचारियों की सलाह में बजाया हो सके। सली ने इस बात प्रस्ताव पर मुहर लगाई एवं आमंत्रित प्रतिनिधियों के लिए जलपान एवं भोजन की व्यवस्था को पीपीए निर्दिष्ट देने के प्रस्ताव का अनुमोदन किया।

अनी के साथ डॉ देवेन्द्र शर्मा ने प्राचार्य महोदया के अध्यक्षता में पुस्तक के बाढ़ निर्देश के लगाने की घोषणा की।
